## New Product - Engine and Trans Mounts

at **A&Jay**  
August 2018

### Engine & Transmission Mounts

We pride ourselves on giving you top quality mounts at competitive pricing. Motor and transmission mounts are an integral part of your vehicle, as they are engineered to help prevent engine Noise, Vibration and Harshness (NVH) from being transmitted the rest of the vehicle. This results in a smoother and quieter ride.

### OE Equivalent and Fit

Westar understands the importance of quality. All of our product is designed to meet or exceed OEM specifications on quality, fit, and function. Our factories use only top quality components, and manufacture to strict ISO, QS, and TS Standards, and testing. We use only the highest grade rubber and steel designed specifically for your application, and apply a finish that will not only enhance the appearance of the mount, but will also help to extend the life of the mount. Whether your vehicle uses a rubber, hydraulic, vacuum assisted, or electronically adjustable mounts, you can count on Westar to have the correct mount available.
